

# AN ACTOR'S CREED

I am an evolving actor

I am in a sacred, safe and supportive space.

In this space I will challenge myself, study humanity, &  
take risks.

To perfect a performance, I will perfect my lines.

To be the actor I want to be, I will make mistakes.

To understand a character, I will understand myself.

Only in this dynamic struggle, will I find my talent.

I am an evolving actor
